March 6, 1974

CARPOOL PROGRAM

The Personnel Office has been developing a carpool program based on the 350 replies to their survey conducted in January. To date, the location of those employees interested in a carpool who reside in Montgomery County, Maryland, and Washington, D.C., have been mapped out. Maps for Prince Georges County and Virginia should be completed within two weeks.

For those of you who live in Montgomery County or Washington, D.C. and are interested in a carpool, please stop by the Personnel Office to receive the names and extensions of other employees living in your vicinity.

If you have not returned your survey but are still interested in participating in this project, please call Iris Garnett at extension 316.

AROUND AND ABOUT

--The Gallaudet Dancers performed at Bowling Green University on March 1, and remained at the University to conduct a workshop for physical education majors and athletes on March 2.

--"Sign Language and Linguistics" will be the topic discussed at a special interest group session of the 25th Annual Georgetown Roundtable on the afternoon of March 15. To register for the conference, write to Francis Dinneed, Chairman, Georgetown Roundtable, School of Language and Linguistics, Georgetown University, Washington, D.C.

--There is still a small amount of money available for research projects to be conducted this summer. If you have a proposal, please see Clarence Williams.

--"Youth News" will present a feature story on Kendall School on April 2. A one-half hour show done completely by kids, "Youth News" is aired twice a month over WRC-TV, Channel 4.

TRAFFIC HAZARD ALERT!

Since a gate has been installed in the fence line on West Virginia Avenue adjacent to MSSD, many drivers are now using the parking lot at Dorm #3 as a thoroughfare.

Unfortunately, many drivers are travelling at speeds which are unreasonable and imprudent despite the 15 mph limit.

This creates an extreme hazard, not only to traffic passing through the lot, but more importantly to students on foot passing through the area. Please exercise extreme caution when driving through this area.

POSITIONS AVAILABLE

CLERK-TYPIST: MSSD

CLERK-TYPIST: Purchasing

CLERK-TYPIST: Educational Technology

CLERK-TYPIST: Alumni and Public Relations

CLERK-TYPIST: Department of Psychology

SECRETARY I: Counseling and Placement

SECRETARY I: Office of the President

MANAGER OF BUSINESS AFFAIRS: MSSD

ELECTRONIC TECHNICIAN: Educational Technology

CUSTODIAN (Temporary): Physical Plant

SAFETY AND SECURITY OFFICER: Safety and Security

SUPERVISOR: Safety and Security

For more information, contact the Office of Non-Faculty Personnel.

AUTOMATIC CUER PROJECT PROGRESSING

Development of the Automatic Cuer, a wearable lipreading aid, is progressing ahead of schedule. Currently, five Gallaudet students of various hearing and lipreading abilities have been trained to read mechanically delivered cues to assist them with lipreading. The combined average score of all five subjects combined for individual phonemes was 88%.

At the present, cues are delivered by the speaker's use of a keyboard; but concurrently with the testing at Gallaudet, engineers at Research Triangle Institute in North Carolina, are working on a device which will process and analyze speech and deliver it automatically to the deaf person in either visual or tactile form.

A tactile device would probably be a unit worn under clothing, whereas a visual mode would use lights and mirrors built into eyeglasses.

NEW VIDEOTAPES IN THE LIBRARY

- #234 THE VISIBLE MUSE IV
- #252 THE BROTHERHOOD
- #253 THE BRAIN AND BEHAVIOR
- #254 YEAST
- #256 MONKEY, APES AND MAN

- #263 THE MANY FACES OF CHRISTIANITY:
BAPTISTS

AMONG OURSELVES

--The Student Body Government results are in and James Flynn and Norma Jean Halischak will fill the positions of President and Vice President, respectively. Congratulations!
--Welcome aboard to Sharon Roberts-Diaz,

new expiditor in Purchasing.

--Peter Wisher has been nominated chairman of the National Therapeutic Section of the National Association of Physical Education, Health and Recreation.

--Maureen and John Hartman became the parents of an eight pound six ounce girl, Bridget Maria, on Saturday.

"TO CHANGE IS TO GROW"

Representatives from 46 schools and programs for the deaf will be participating in the 4th Biennial Jr. NAD Convention on April 20-27 at Gallaudet. This year's convention will focus on the theme, "To Change Is To Grow," and will address itself to the "promotion of self-directed activities that will expand school youngsters' social and intellectual abilities, lift their aspirations and stimulate them to constructive action."

In addition, adult advisors will be provided with information to assist them in directing deaf students toward higher education. The convention also hopes to provide students with information about youth organizations and youth-serving organizations with emphasis on Federal programs serving and affecting youth.

Melinda Chapel is chairman with Madaleine Davis as secretary and Susan Adamson as business manager.

ON THE GREEN is published each week for the faculty and staff of Gallaudet College by the Office of Alumni and Public Relations. Copy deadline: Monday noon. Bring news items to Chapel Hall or phone 741 or TTY 480.
